Subject: A huge thank you

John and Kristen

Carl and I would like to thank both of you for making Adam and Jenn's day so wonderful.

The service was excellent and the food was exceptional. So many of our friends commented that they felt like they were out to dinner at a fine dining restaurant. They just felt everything was so well organized and not rushed. They especially enjoyed being addressed by their name when they were served their food.

Some of our guests said that the roast beef was the best that they had tasted.

I would also like to thank you for the little extra's that you added for our lunch on Saturday and for the brunch on Sunday.

Kristen, thanks for taking the extra time to run off the Mickey's and Minnie's to place under the chairs. It's certainly because of these little extra's that you all do that make you the best caterer in Barrie.

Once again thanks for everything that you did.

Carl and Brenda Dicks
